BRIGHTER FUTURES

HOMELESS and excluded from two schools, Tim Dinnage, 18, was facing a bleak future.

But with help from Tomorrow's People, Tim, *right*, completed an apprenticeship in landscape gardening and is getting on in life.

Tim, of Heathfield in East Sussex, was named the charity's outstanding achiever at an awards ceremony last month. He says:

"Without Tomorrow's People I dread to think where I'd be. I love my job and look forward to going to work.

"In just a year, I have a savings, an apprenticeship qualification, I'm taking my driving test soon, have somewhere to stay and I pay my bills. I have a future."
